

Touch is a line of TEXTURE BLEND mosaics that coordinate with some of our most popular LYCIAN colors; Letoon, Kekova, Glaucus, Arycanda and Tlos. There are also two accent colors; Phellos (Phellos) and Daedala (Maron Marrinace).

Their intended use is primarily for wall and backsplash installations, but they will also work beautifully as accent details in residential floors and bathroom floors.

# REMEMBER -

STONE must be sealed and maintained  
STONE should be sealed PRIOR to grouting  
STONE cannot be sorted or returned partially  
STONE has a natural variation that is beautiful  
STONE is not always consistently available

Touch is a line of TEXTURE BLEND mosaics consisting of HONED, SANDBLASTED/BRUSHED and BUSH HAMMER/BRUSHED natural stone.

There will be Tone and Value variations IN ADDITION to the inherent variation of the natural stone itself.

All TOUCH materials should be considered

- Residential/Light Commercial
- ▲ Considerable Shade/Color Variation

we recommend to ALWAYS set from multiple (4-5) cartons to adequately blend the installation

Sealing is an important step in the installation and maintenance of any NATURAL STONE!

We recommend the use of a premium quality PENETRATING SEALER.  
(STONETECH HEAVY DUTY IMPREGNATOR PRO or equivalent)

We also recommend sealing the NATURAL STONE **PRIOR** to grouting to prevent staining and maintain color consistency of the NATURAL STONE.

*Packing information is intended to be accurate and helpful, but factories occasionally change packing without notice. All information contained is believed to be reliable, but not to be taken as promise or assurance. All reports of inaccuracies, errors or misprints are appreciated.*
